

Alain El Asmar, MD

Clinical Instructor

LAU Medical Center Rizk Hospital

Division of Emergency Medicine

Dr. Alain El Asmar is currently a Clinical Instructor in the Emergency Division within the Internal Medicine Department at LAUMC-RH. He is serving as an advanced Cardiac Life Support Instructor accredited by the American Heart Association at The Lebanese American University Simulation Center since

2023. Dr. El Asmar obtained a Doctor of Medicine degree from the University Saint Joseph in 2016, he then went on to complete his Emergency Medicine Residency at the American University of Beirut Medical Center in 2020. His proficiency extends to being an EPIC (healthcare system) superuser, recognized and flagged by the EPIC team in 2018.

Dr. El Asmar's academic pursuits have been complemented by his business acumen, as he graduated in January of 2019 with a Business Management Diploma from the International Business Management Institute in Berlin. He then earned a Leading Healthcare Quality and Safety Certificate from The George Washington University in December of 2019 and also held the role of Administrative Chief Resident in the Emergency Medicine Department at the American University of Beirut Medical Center demonstrating his leadership skills and commitment to his field.

Dr. El Asmar holds certifications in Advanced Trauma Life Support (ATLS), Basic Life Support (BLS), Advanced Cardiac Life Support (ACLS), Neonatal Resuscitation Protocol Provider (NRP), and Pediatric Advanced Life Support Provider (PALS). He is also ACLS instructor at the LAU simulation Center in Jbeil. Dr. El Asmar engages in volunteer work by offering free medical consultations to those in need. He has also been an active member of various committees, such as organizing anti-tobacco and breast cancer awareness campaigns.

Dr. El Asmar is actively involved in professional memberships and organizations, serving as a Member of the board of directors of the Lebanese Society of Emergency Medicine (LSEM) since 2022. Additionally, he holds the position of Secretary of the board of directors of the Lebanese Society of Emergency Medicine (LSEM), and starting 2023 he has been a Member of the Executive Committee of the National Emergency Medicine Conference organized by the Lebanese Society of Emergency Medicine (LSEM). Dr. El Asmar's contributions also extend to research, with three publications and multiple ongoing research topics such as cardiac arrest outcomes and low back pain among hospital staff currently in the process of publishing.
