

Michel Fattouch, MD

Interventional Cardiologist

Head of Cardiology Department – Tel Chiha Hospital, Zahle

michel.fattouch@laumcrh.com

Dr. Michel Fattouch is a distinguished interventional cardiologist with over 25 years of experience in clinical and hospital-based cardiology. He earned his Doctor of Medicine degree from Saint Joseph University in Beirut, Lebanon, before completing his Diploma of Specialized Medical Studies in Cardiovascular Pathology at Aix-Marseille II in France.

Throughout his career, Dr. Fattouch has combined his extensive medical expertise with a strong commitment to patient-centered care and community health. He currently serves as the Head of the Cardiology Department at Tel Chiha Hospital in Zahle, leading a team dedicated to providing advanced diagnostic and therapeutic cardiac services. In addition to his hospital responsibilities, he is the CEO and owner of the Medical Care Center in Zahle,

a leading outpatient facility established in 2001 that offers comprehensive laboratory, radiology, and clinical services and has become the largest and most reputable medical center in the Bekaa region.

Dr. Fattouch's clinical practice focuses on complex coronary and peripheral angioplasty, management of coronary artery disease, heart failure, and hypertension. He is highly skilled in diagnostic cardiology, including echocardiography, stress testing, and Holter monitoring. His approach combines medical precision with empathy and personalized care, ensuring that patients receive both advanced treatment and comprehensive support.

Dr. Fattouch is an active member of the Lebanese Society of Cardiology and the European Society of Cardiology, reflecting his commitment to maintaining excellence and staying at the forefront of developments in cardiology. Beyond his clinical practice, Dr. Fattouch is dedicated to mentoring young physicians and contributing to the advancement of cardiology services in Lebanon, promoting best practices in interventional procedures and patient care.

Driven by the belief that "every patient deserves precise, compassionate, and accessible cardiac care," Dr. Fattouch continues to advance this vision through his clinical work, leadership in healthcare management, and active engagement in the medical community.
