

Hala Kilani, MD

Clinical Associate Professor

Head, Division of Nephrology

Program Director, Fellowship in Nephrology

Ext. 6311

hala.kilani@laumcrh.com

Dr. Hala Kilani is a Clinical Assistant Professor at the LAU Gilbert and Rose-Marie Chagoury School of Medicine and a practicing nephrologist in the Department of Internal Medicine, Division of Nephrology, at the LAU Medical Center-Rizk Hospital.

Dr. Kilani's educational journey began with a B.S. in Biology from the American University of Beirut, Lebanon. She then pursued her M.D. degree at the Lebanese University.

To deepen her expertise in nephrology, she completed two fellowships in the field: the first at the Lebanese University and the second at Université Claude-Bernard in Lyon, France.

These advanced trainings have equipped her with a comprehensive understanding of nephrology, enriching her practice and teaching in the field.

Dr. Kilani has been a faculty member at the School of Medicine since 2014 and served as the Director of the Residency Program in Internal Medicine during the 2017-2018 academic year.

She strongly believes in the critical role of physicians in society, particularly in patient education, as she views awareness as key to disease prevention.

Dr. Kilani's professional interests encompass kidney transplantation, chronic kidney disease, and its treatment modalities, including hemodialysis and peritoneal dialysis. She has significant expertise in various aspects of nephrology, such as glomerular diseases, electrolyte disturbances, and acute kidney injury. In addition to her clinical practice, Dr. Kilani is deeply involved in teaching and research, contributing to advancements in nephrology and the education of future medical professionals.

Dr. Kilani is a member of the Lebanese Society of Nephrology, a professional organization focused on advancing nephrology in Lebanon. Her involvement highlights her commitment to the field and her connection with a network dedicated to improving kidney care and research.
